

Transitional Leadership Plan leading up to July 1, 2021:

Dr. Gorrell's advance notice of retirement affords the Board the opportunity to restructure in a thoughtful and managed timeline. Given the scope of work in the upcoming months from opening the new high school, completing renovations, moving six of our schools, implementing new attendance areas and many other items, we will spread the implementation of this new structure over the next two years. The transitional plan from now up to July 1, 2021 includes the following:

- VASD's current Director of Bilingual Programming & Instructional Equity, Laurie Burgos, will become the Assistant Superintendent for Academic Services, effective January, 2020.
- VASD's current Director of Student Services, Emmett Durtschi, will become the Assistant Superintendent for Student Services, effective January, 2020.
- For the 2020-2021 school year, the Assistant Superintendent for Business Services position will be vacant. Essential functions will be completed by an external consultant from the Wisconsin Association of School Boards and internal staff. This position will be filled after the new Superintendent is hired.
- For the 2020-2021 school year, the Director of Elementary Education will be hired.
